

# Pebble™

## Ottoman

Pebble ottoman is designed for use in short-term spaces that support people's needs for a variety of purposeful work settings—from open, collaborative spaces to areas for quiet contemplation. With its neutral versatility, Pebble beautifully complements Riverbend™ lounge seating and your other furniture to work in a variety of applications and floorplate sizes.

HAWORTH®

### Support Variety, Choice, and Purposeful Work

Pebble ottoman provides a secondary surface for work, personal items, or additional seating, while blending seamlessly into collaborative workspaces, lounge areas, cafés and other short-term spaces. When paired with Riverbend lounge seating, Pebble helps create a multitude of settings that can be configured for any floorplate size.

### Features

Together, Riverbend and Pebble can form numerous configuration combinations to maximize your investment. Applications suit commercial, education, and healthcare environments.

**Multi-functional** - Provides a secondary surface for work, personal items, or seating

**Four sizes, square or rectangle** - Offer the perfect fit—in both design and function—for any space

### Colors, Materials, Finishes

Pebble's classic look is neutral enough to complement any environment and work in a variety of open settings. The modern geometrical design, color options, and relaxed feel draw people in, so they can innovate, work efficiently, and perform their best.
