- KEY PARTNERS**
Alston Construction
- PROJECT DATE**
April 2019

CLIENT PROFILE: SEKO LOGISTICS

SEKO Logistics is a global company with over 120 offices in 40 countries worldwide. They provide complete Supply Chain Solutions, specializes in transportation, logistics, forwarding and warehousing. They also lead the industry with innovative and configurable IT solutions, which provide a seamless flow of information and give their growing client base true supply chain visibility.

TESTIMONIAL

"The experience working with BOS was excellent! They worked with us. They kept us within budget—really worked on cost controls with us. They gave us some really good feedback and really good ideas by saying, "I like that, but you might want to do this." So, it was very good. It's a great work experience and we hope to continue doing more business with them in the future."

—Rick Lee, Chief Operating Officer, SEKO Logistics
